<b>GreenSet TROPHY</b> "Loose laid" Polymeric tennis surface – An ATP Tour Official Indoor Tournament Court in Europe – as laid at The All England Lawn Tennis Club – Courts 3 to 5 (Note – budget price does <b>not</b> include sprung timber floor)	<b>£29.50 - £32.50 / m2</b>
---	-----------------------------

**TENNIS FITTINGS**

– supplied and installed – (sockets / posts / net / centre guide – tournament quality)	<b>£600.00 / set</b>
---	----------------------

**NOTES** - Prices include line marking but exclude baseworks, sub-floor preparation & VAT

The **GreenSet ACRYLIC surfaces** can all be laid on dense bituminous macadam whereas **GreenSet TROPHY** and our **VELVELUX** tennis carpet are best laid over a concrete screed (maximum joint 3mm saw cut) and with a damp proof membrane throughout floor area and adjacent walkways.

**TROPHY** and **VELVELUX** can also be laid over a timber sub-floor subject to survey and the correct type of timber and installation method – we will be pleased to advise further on this type of timber floor construction.

**GreenSet GRAND PRIX CONFORT** can be laid on any of the above bases.

We would be happy to discuss appropriate foundation/base specifications with you when you are ready to invite firm quotations. Alternatively, we would be pleased to submit quotations for the baseworks.
